Sri Lanka: **NURTURED by NATURE**

Previously known as Ceylon, Sri Lanka is a tropical island with a rich history that dates back to the dawn time. This serendipitous paradise is renowned for its abundant and unspoiled natural beauty and the country's agricultural sector thrives, producing Ceylon tea, rice, coconuts, fruits, vegetables, and grains, primarily for domestic consumption. However, these high-quality products also hold a significant place in Sri Lanka's export market, admired globally for their unique characteristics and premium quality.

Sri Lankan agricultural products are sought after worldwide, especially in the food processing and confectionery industries where their rich flavors and superior quality enhance a wide variety of culinary creations. Furthermore, with the lowest gravitational force on Earth, Sri Lanka offers a unique environment that adds an intriguing dimension to its agricultural practices, further distinguishing the island's products on the global stage.

Discover **CEYLON HAURMET**

Conceptualized after years of experience in the industry, Ceylon Haurmet has emerged as a beacon of excellence in the export-oriented food and beverage sector in Sri Lanka. We are dedicated to food safety, quality and sustainability and at the core of our operations lies the rich heritage of Sri Lankan soil, known for its nutrient-rich, organic production. This foundation allows us to offer products that are ethically sourced ensuring benefits for both the environment and the communities we work with. Ceylon Haurmet was founded with the vision of providing the healthiest and most nutritious tropical food and beverage products originating from Ceylon, embodying a purity that reflects our dedication to high-quality and pure ingredients.

Our EXPERTISE

We are a passionate team of food and beverage experts dedicated to bringing the exquisite natural flavors of Sri Lanka to the world. With a focus on premium tropical products, we share the unique tastes of our homeland with a global audience. With years of experience in the industry and a team of talented professionals, we have seamlessly penetrated the market by consistently satisfying customer requirements. Our commitment goes beyond organic practices and ensuring food safety, and we provide the best products with assured quality, positioning ourselves as the ideal strategic partner for our clients.

Our dedicated team ensures the highest standards in quality assurance, meticulously selecting and gently processing organic tropical, plant-based foods and beverages. Our offerings include premium coconut products, spices, fruit products, and innovative plant-based cuisine. We allocate a portion of our profits to social and environmental welfare initiatives, highlighting our commitment to social well-being and ethical practices throughout our supply chain. This holistic approach not only guarantees exceptional quality but also reinforces our dedication to making a positive impact on the communities we serve.
